

HEALTHIE CHART

View Patient Records Quickly and Securely
Through Cloud-Based Clinical Portal

HealthIE Chart is a view-only clinical portal where Nevada patient clinical information may be monitored closely and easily by health care providers.

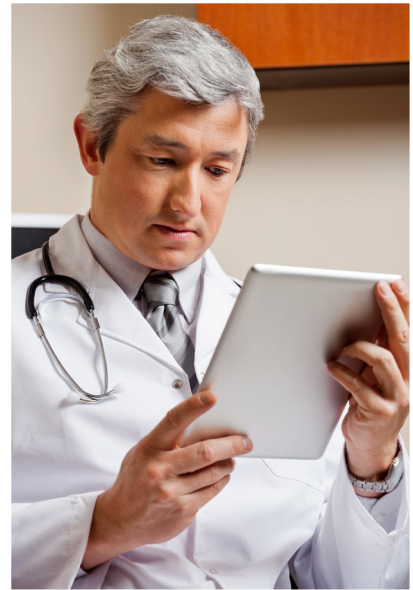

HOW IT HELPS

HealthIE Chart is for use among health care providers needing access to patient demographics, encounter diagnoses and procedures, diagnostic testing results, prescribed medications, transcribed progress notes and other vital patient information.

VALUE TO YOU

In one location, easily access patient information, including:

- Patient encounters
- Lab results
- Radiology reports
- Medications
- Problem lists
- Transcribed notes
- Care summaries
- Immunizations

MINIMIZE COST. Easy access to updated patient records saves time and costs associated with staff needing to retrieve information from other care sites, as well as administrative costs associated with building and maintaining information technology interfaces with outside electronic record systems.

QUALITY OF CARE. Immediate access to information improves quality of care and lowers cost of care by improving care coordination and avoiding duplicate testing, preventable hospitalizations and information discrepancies.

SECURE. HealthIE Chart is HIPAA compliant and operates through an encrypted network, ensuring that patient information is safe and secure.
