

Home Health and Hospice Services

HealthIE Nevada provides one location where Nevada patient clinical information can be accessed safely and easily by home health and hospice services.

VALUE TO HOME HEALTH AND HOSPICE SERVICES

- Liaisons can obtain complete medical diagnoses and history from prior care while conducting patient evaluations
- Improves transitions of care among settings
- Enhances social workers' continuity of care
- Reduces hospital readmissions
- Decreases duplicate testing
- Improves STAR ratings and quality measures
- Exchanges clinical information with other providers

WHAT'S AVAILABLE

- Patient encounters
- Care summaries that include transcribed notes, history and physical reports, consults and related details
- Lab results
- Radiology reports
- Prescribed medications
- Problem lists
- Immunizations
- Patient clinical data from other Western states (Arizona; Santa Cruz and San Diego, California; Colorado; Idaho; Nebraska; Utah)

COST-EFFECTIVE. Easy access to updated patient records saves time and costs associated with staff needing to retrieve information from other care sites.

IMPROVED QUALITY. Immediate access to information improves quality of care and patient loyalty, and lowers cost of care by improving care coordination and reducing duplicate testing, preventable hospitalizations and information discrepancies.

SECURE. HealthIE Nevada is HIPAA-compliant and EHNAC-certified, ensuring that patient information is safe and secure.
